Cargo Fraud: Detection and Investigation

Logistics Investigations

In a fast-paced supply chain landscape, issues stemming from delays in raw material delivery and product distribution can present significant risks to the company. Effective risk management begins with pinpointing risk sources, outlining the risks, developing risk maps, and implementing strategies to mitigate those risks.

Alethinos Investigations has a distinctive perspective, enabling us to collaborate effectively with your examiners to eliminate fraudulent claims.

Business Risk

Trucking is fundamentally depends on relationships, especially when comes to transporting freight. Establishing these connections demands both time and patience. Engaging directly with a carrier, broker, or load board, it's crucial for shippers to have confidence in the carrier's credibility.

On-Road Risk Team

The division covers work performance during irregular, extended, and unscheduled hours, including nights, weekends, and holidays. Investigations may focus on false claims, statements, and other occurrences of workplace violence carried out by individuals or parties involved.
